PRINT OF THE MONTH

'Don't Touch'

Don't touch...

Was photographed in April of 2008. Kessa Pepke 6^{1/2}, Charlie Pepke 3 and Sabina Pepke 2^{1/2} weeks, were photographed together with a cradle that has been in the family for almost 100 years. Otto Pepke, the children's great grandfather used this very cradle when he was born in 1910. This print won the best of show, Golden Arrow for the Indianhead Professional Photographers Association print competition in April. This was the first time I had ever entered competition. It also place highly at Wisconsin Professional Photographers Fall State conference in October with a score of 84. This was also the first time I have ever entered competition at the state level.

WELCOME!

Welcome to the first newsletter for Graphic Impressions Photography/Portraits by Tiffany. This newsletter is designed to keep you up to date on what is happening in and around the studio.

One thing you may notice is the name. By the beginning of the new year, we will be known only as Portraits by Tiffany. Graphic Impressions was originally created in 1999 with graphic design as the focus. Through circumstances the company was taken more into the direction of photography and it is my intention to now portray that direction by changing the name.

I recently returned from Wisconsin Professional Photographers Associations Fall State conferences where I attended many speaker and hands on training classes. While there I also entered print competition which is the first time entering at the state level for me. Considering that fact, I did very well scoring a 78 on two prints, an 80, 81, 82 and 84 on others. I will be entering new prints in Feb. at the Spring convention. (Still not sure why they call it the Spring convention when it is in Feb.) I'll let you know how it goes! Below are the other prints that I took and the scores received.

'Little Miss Pickles' 82
I spotted this 2 pound cutie at an event held by the Humane Society of Marathon county in June and asked her mom to bring her in so I could play. So glad she did!

'True Tiger' 78
This print didn't do as well as I had hoped at State, but got the Golden Arrow at IPPA in October. Jordan Bauman from Stratford is a True Tiger! Diagnosed with Hodgkins Lymphoma last year he has overcome a great deal and still has a wonderful attitude.

'Enchanted' 81
Emily agreed to wear her prom dress out to the river for me and along the walk I saw this. Using my Canon 20D that has been converted to infrared I captured this image to create something a little out of the ordinary for this extraordinary gal.

'Sarah' 78

Had a great time doing this young lady's senior portraits. As you can tell, she had quite a few great looks that made it fun!

'Matt' 80

Matt was exceptionally easy to photograph too! Guys can be as much fun as the gals. He was also signed by Destructive Celebrations Talent agency to model after Janet, the owner, saw his photos on my website. You go guy!
